The ILM Level 7 Diploma in Leadership & Management

Introduction

This programme is delivered over 9 days as a residential course in the Lake District (one 4 day residential block and then another 5 day residential block) or as a 9 day open course with the first 4 days in London at 1 day per month and module 2 as a 5-day residential course in the Lake District.

Qualification Purpose and Aim

Who is this qualification for?

The Level 7 Diploma in Leadership and Management is designed for senior managers and leaders who want to develop themselves as leaders and managers, who recognise they have to satisfy various stakeholders and also want to invest in their own personal brand.

They may manage day to day operations and activities, and in doing so seek to make best use of their resources, understand the need to innovate and have a constant awareness of the need to optimise performance

They may also have to present arguments for change, construct business cases, lead change implementation and evaluate the impact of that change. These are the leader/managers who will benefit from this qualification

What is required of you to take part in the programme – developing your leadership capability?

Becoming a more effective leader involves delegates in a complex process of changing behaviours, based on an understanding of leadership and on the development of a range of personal and interpersonal skills

Simply understanding what leadership involves, or developing insight into the effect of one's own emotional state or values on decision-making, or being good at communicating with others is not sufficient, although each is a necessary component of any leadership role

It is the synthesis of this that enables effective leaders to recognise the effect of their own behaviours on other people and on the organisation, and to manage those behaviours to achieve the goals that they have agreed

Our ILM Level 7 Diploma in Leadership & Management development programme places great emphasis on developing this ability; if you are to continue to improve your performance beyond the programme itself – hence the results driven focus

This is an important characteristic of all successful leaders that they can reflect on their

experiences and learn from them – effective leaders are not afraid of making mistakes, only of repeating mistakes

This ability, to learn and develop, is integral to the ILM Level 7 Diploma in Leadership & Management

Benefits for individuals

Puts the learner's need for development at the centre of the programme by matching knowledge and skills to the learners' specific context

Recognises the increasing importance of networks by harnessing the power of social learning

Encourages development of a personal brand that has impact in the internal and external environments

Embeds leadership and management development in work at a strategic level

Benefits for employers

Encourages strategic thinking

Assessment strategy stipulates relevance to the work context so ensuring immediate relevance and practical benefits to the organisation, thus delivering a positive ROI on the programme

Encourages study which aligns with and enacts strategic priorities

Motivates and develops leader/managers to create and maintain high performance cultures in any organisation

This 'tools' based leadership and management development programme focuses on the practicalities of leadership and management from a delivery perspective and, through a series of competency based leadership and management skills assessments and experiential leadership development exercises, develops confidence within the leader

For the residential programme

The programme makes use of the vista of the Lake District as we will be working outside each day on the reflective and experiential aspect of the programme

Who should attend?

Experienced or aspiring senior managers/directors/future leaders in your organisation

Accreditation

The Diploma in Leadership and Management consists of three mandatory units

The first one is a flexible, mandatory unit that allows the learner to identify and work on the areas of leadership and management development specific to their own work context and of particular interest and relevance.

The second focuses on presenting arguments for change, constructing business cases and leading change implementation, the third on the creation and maintenance of high performance cultures.

The Diploma is 60 credits which is equivalent to a PG Certificate and one third of a Masters in most UK university business schools.

Support materials

There is a comprehensive set of online support materials that underpins the practical nature of the course, allowing delegates to explore the academic side of leadership further pre and post programme

Open residential courses in the Lake District with Results Driven Group

What makes the results driven experience different from any other residential course?

Firstly we will start with the location...

The northern Lake District around Keswick and Derwent Water is arguably one of the most beautiful areas in the UK, it does not matter which time of year you are there, the panorama is always changing and the views are always stunning...

Secondly we use nature as a metaphor for learning...

We believe that you think and work differently according to the environment you are exposed to and work in, we use all of the elements of nature to enhance the learning experience and take you out on each day of the programme to experience learning outdoors...☺

“All of the activities we use are safe and are tailored to the capabilities of each group”

Earth – the landscape around us, the Mountains, Valleys and different vistas according to the seasons

Air – the different forces that the wind can create and the effect on the landscape that it has is awe inspiring!!

Fire – the strength of the sun and difference it can make to a view or an experience or how you feel allows you to reflect and look at things from different perspectives

Water – the lakes and the rain, the background vistas that you can embrace in the different seasons make this a stunning place to learn

Client testimonial

Fantastic way to learn and improve your skills. Environment unbelievable, enthusiastic trainer and the chance to meet an interesting group of people to exchange views and theories.

Debbie Frisker

Thirdly, the delegate experience is completely different...

Normally on a residential course you would just turn up at 0930 in the morning and then go home at 1600 back to your Hotel, as part of the programme we spend time learning together, undertaking activities together, eating together and most of all having FUN, one delegate recently described this as Homeliness, and that he has never come across this type of experience before on a training course...

Client testimonial

A fast moving inspirational course which utilises a range of teaching methods in beautiful surroundings...

Lisa Aitken

And finally the networking aspect...

This is something you can never recreate on a closed course programme, when you mix up clients who come from the public, private and third sectors, who have had completely different life experiences, different perspectives of how things work and job roles – then anything can happen!!, it is usually pretty special and we have seen long lasting friendships developed over the time that they spend with us in the Lakes...

Your accommodation whilst in Keswick...

We have 3 beautiful Houses in Keswick where you will stay whilst on your residential course in the Lakes, you will have your own bedroom and you will be fully catered for as well over the period of your stay...

If you would like to see the properties, then please visit; www.newlandshousekeswick.co.uk for further information

Hopefully this will give you an insight to why the results driven learning experience is different...
